

DayDreams

**Autism.**

A Code2Create2019 Project

DayDreams

**About 1 in every 60 people**  
have Autism

Autism is a  
**lifelong developmental condition**  
that relates to their  
**environment and their**  
**interaction with other people.**

DayDreams

**75%**

Of kids with autism have  
**learning issues**

DayDreams

They cannot process

**long strings of information**

at one go.

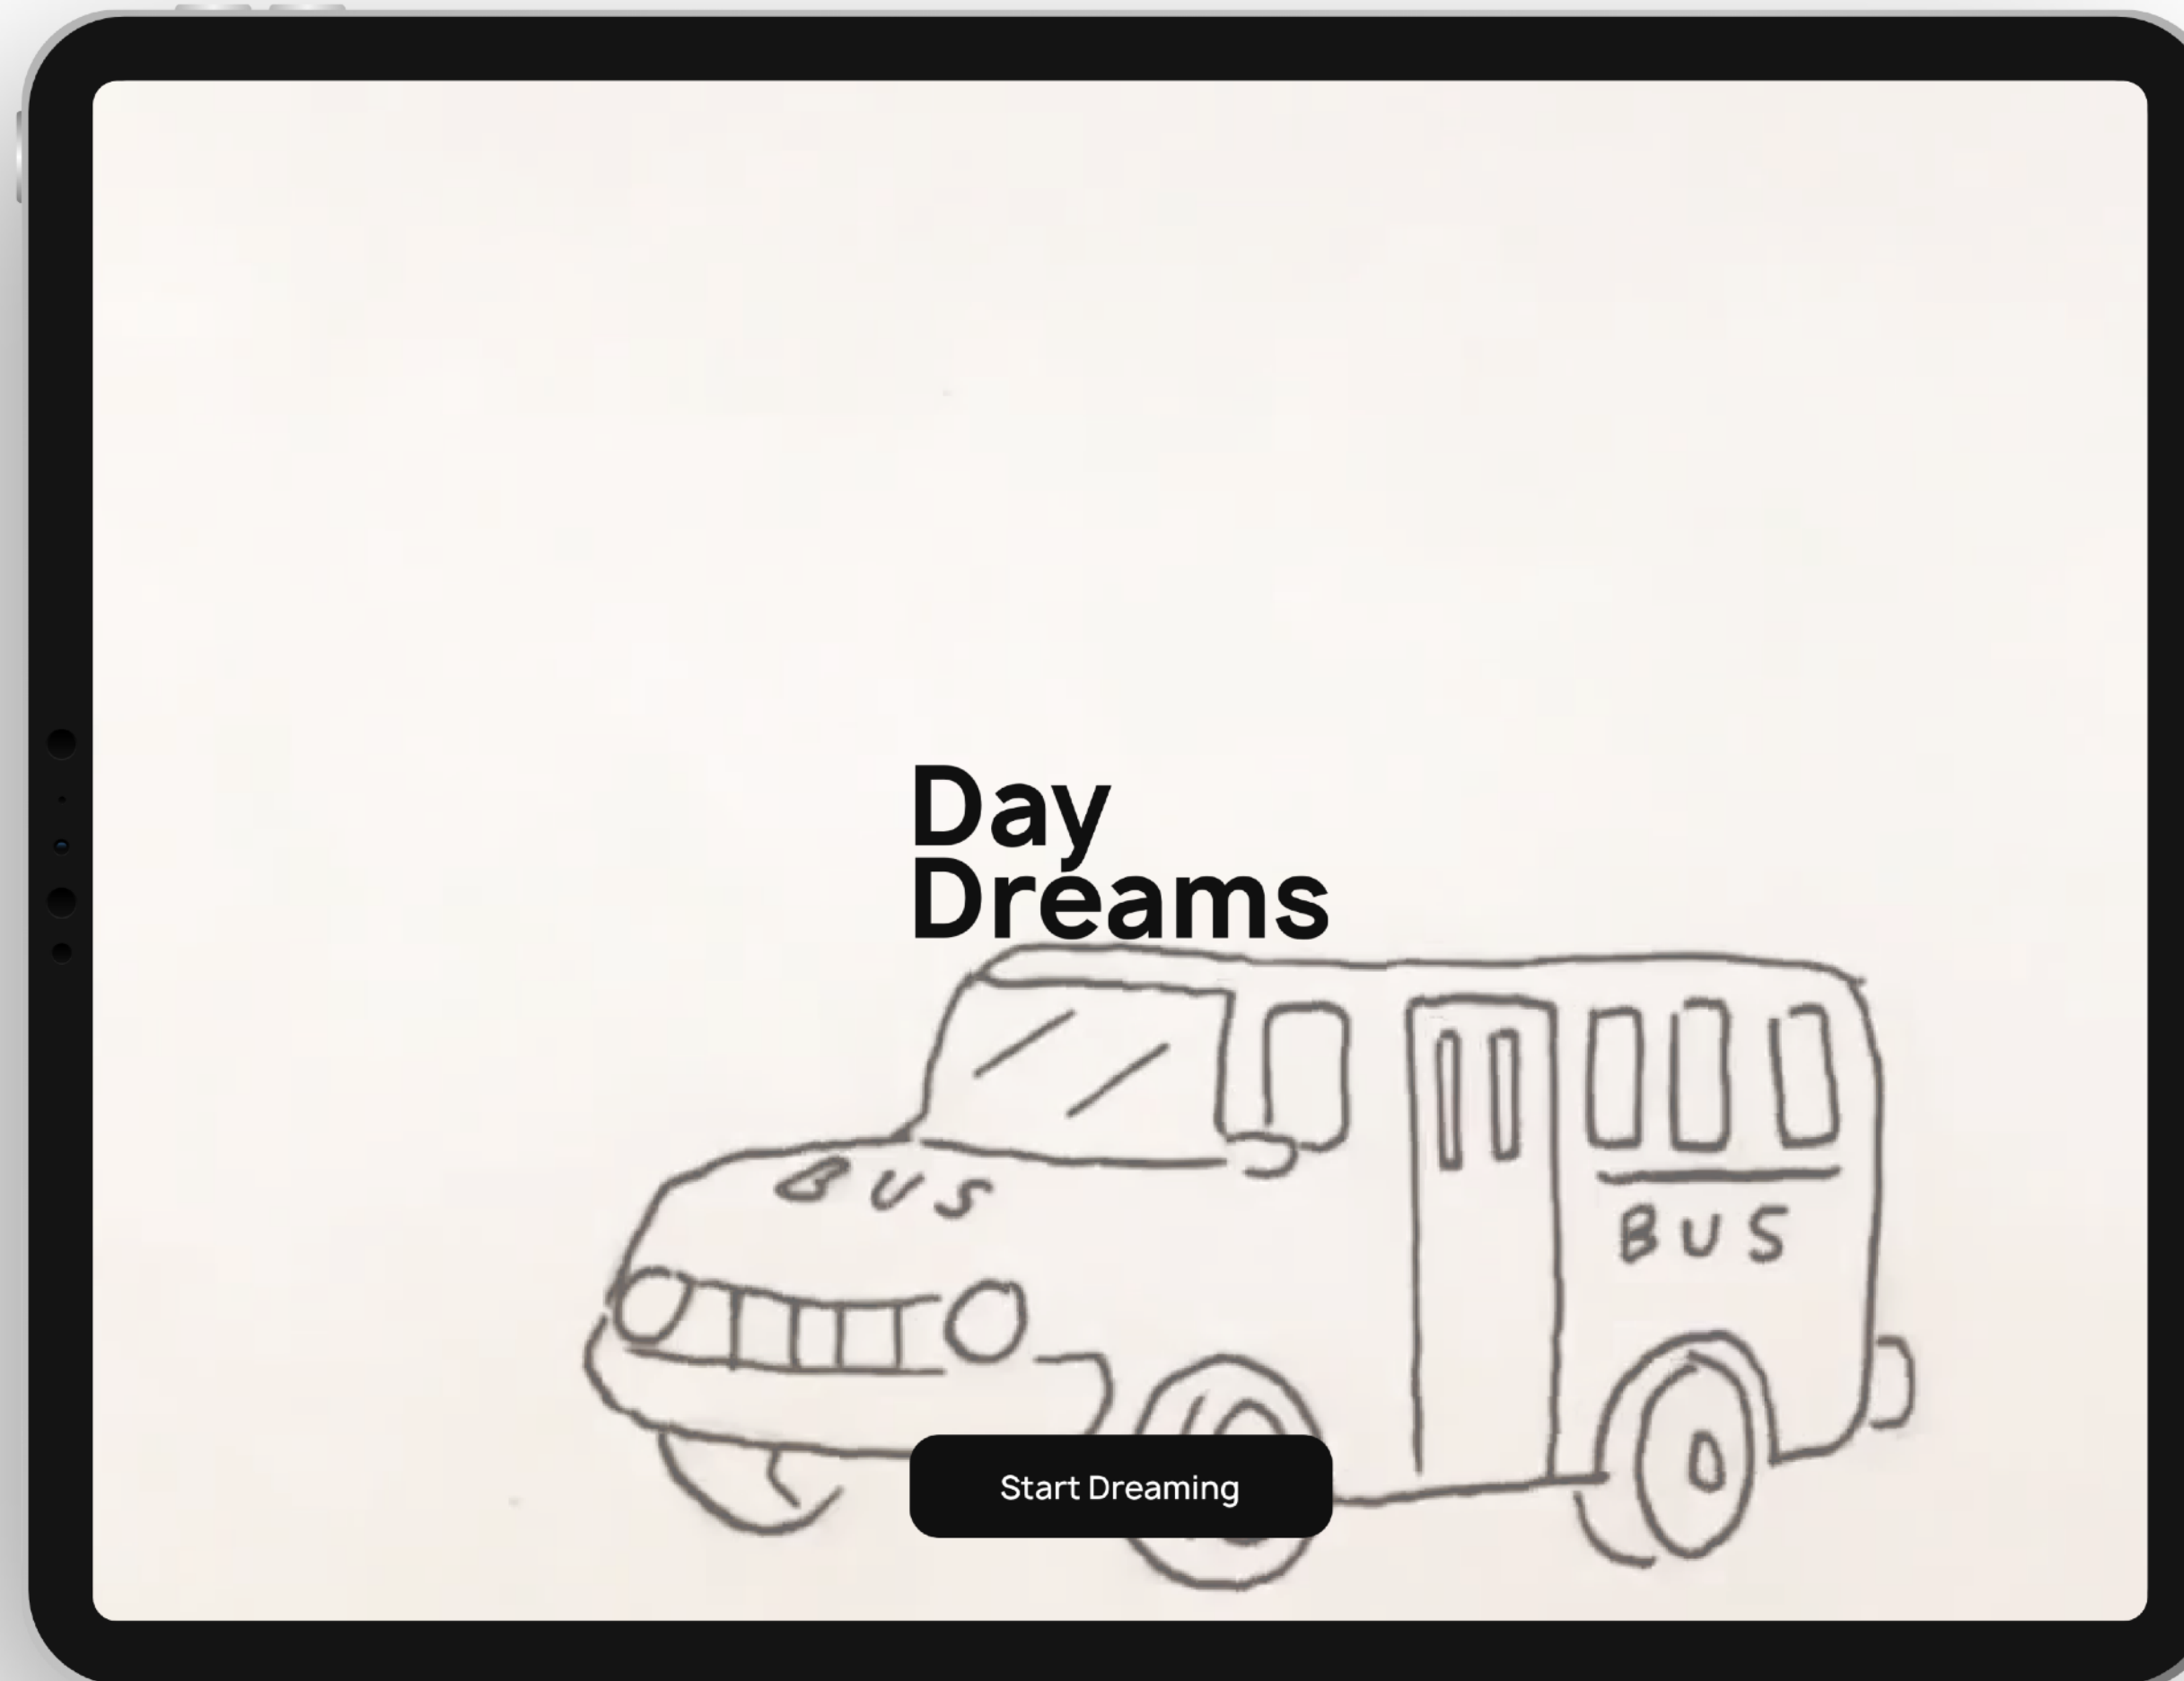

# DayDreams

So, we came up with a little something

**A different environment.  
to learn. to express.**

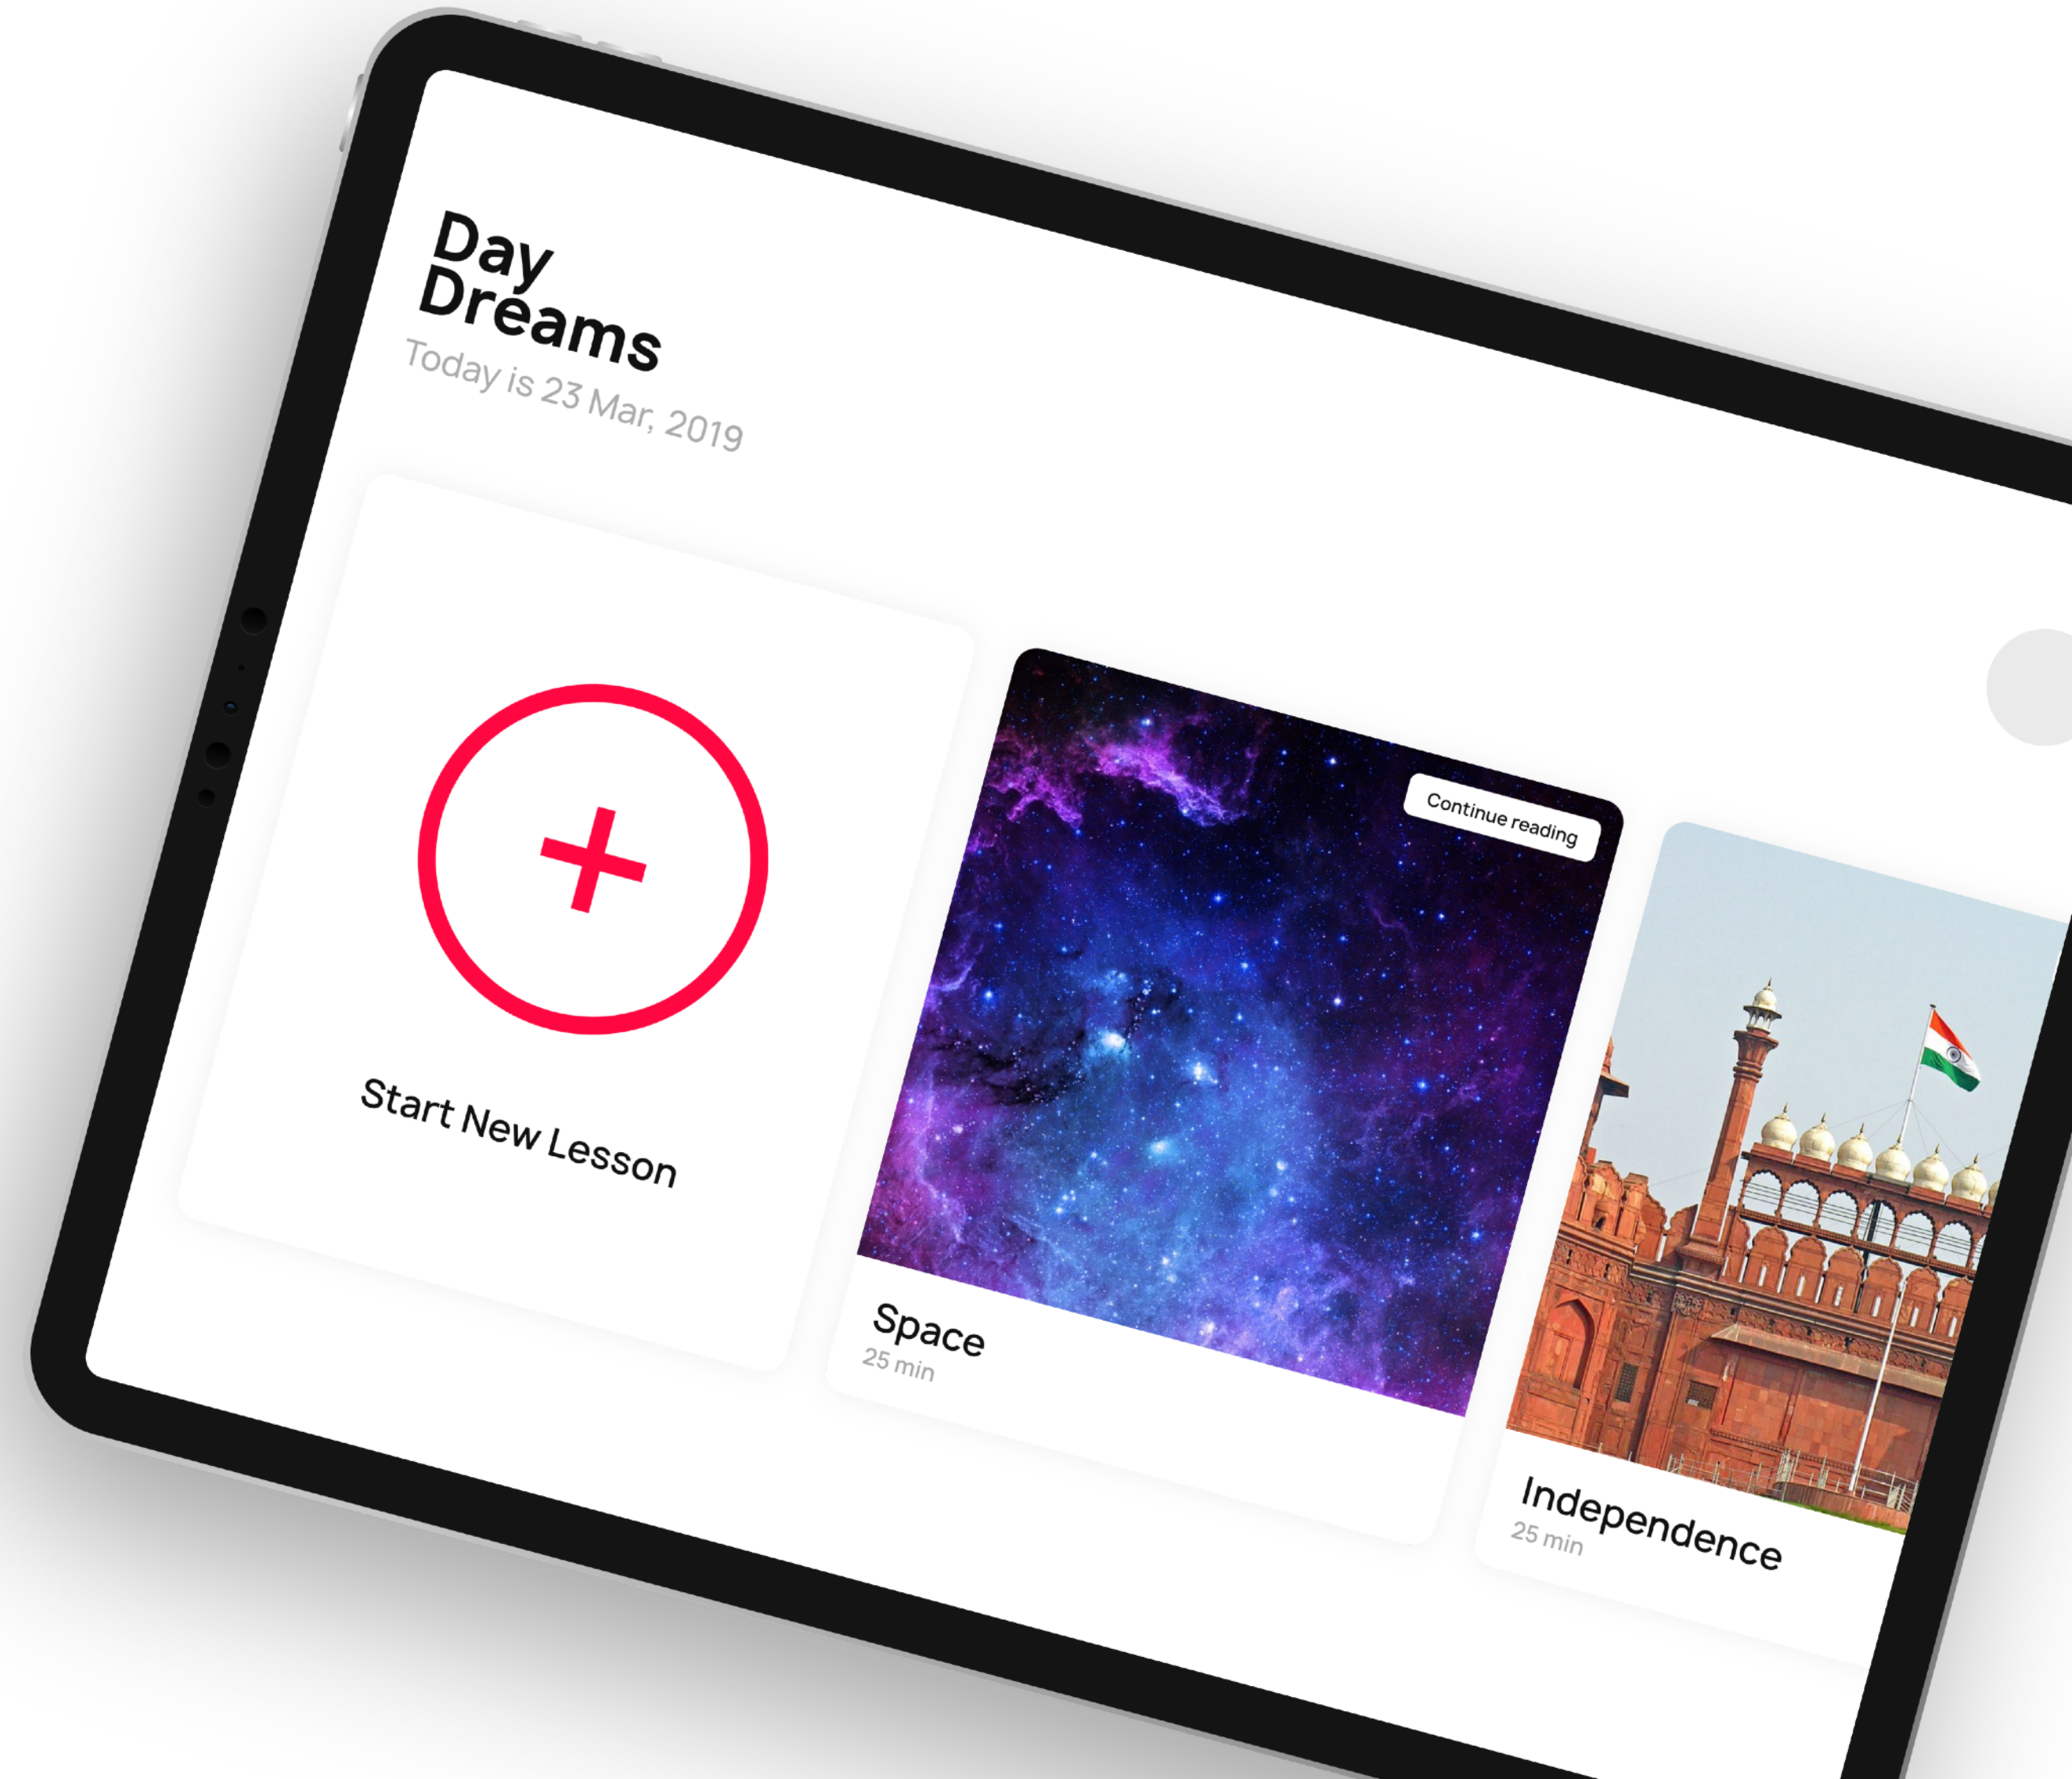

# DayDreams

## Welcome to DayDreams.

DayDreams

**DayDreams**  
is built for the special.

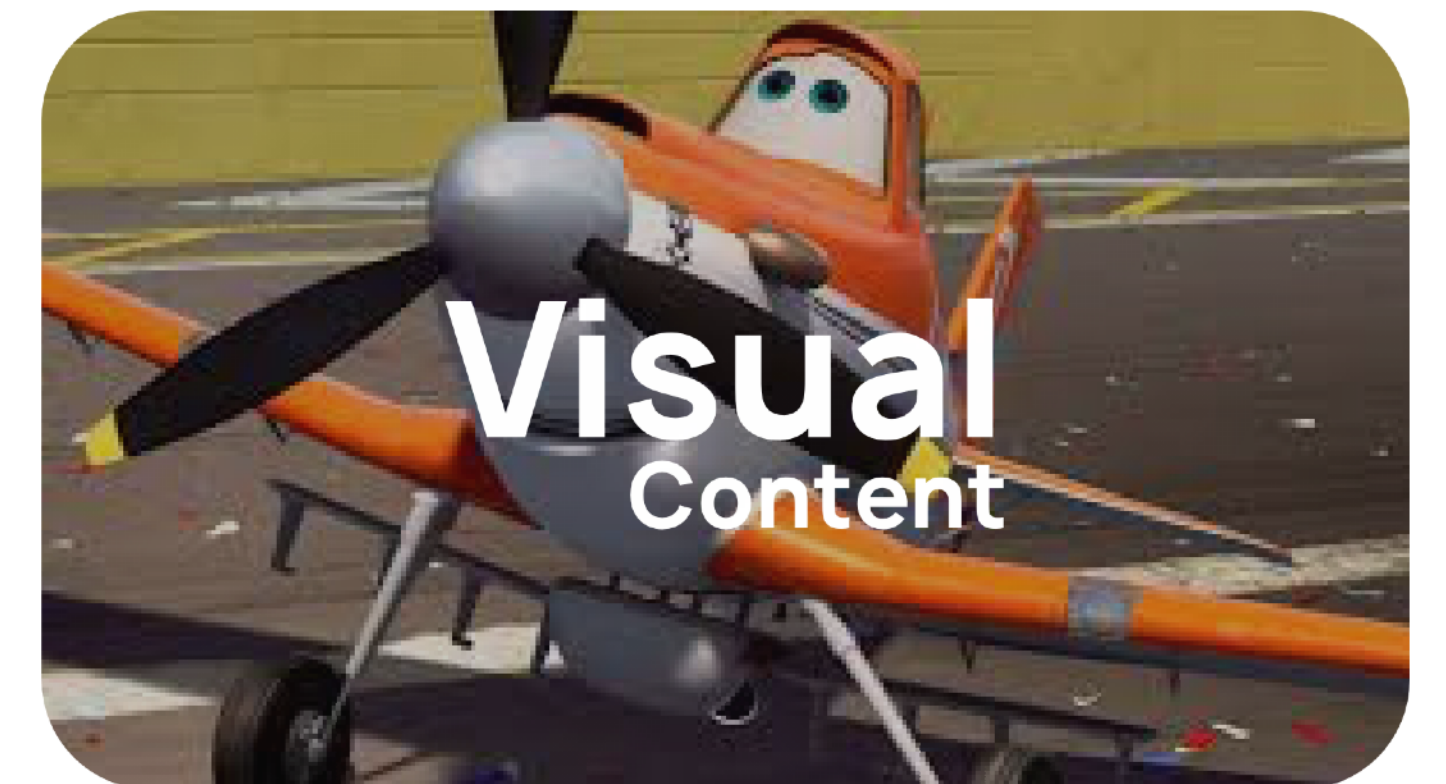

**With some magic**  
We changed normal learning stuff  
**into stories**

**Text**  
Eg. Planes

**Magic!**

DayDreams

Directly, from the  
**teacher's instructions**  
in realtime.

Day  
Dreams

This is an airplane.

Day  
Dreams

End Lesson

Planes take off ...

Fly ...

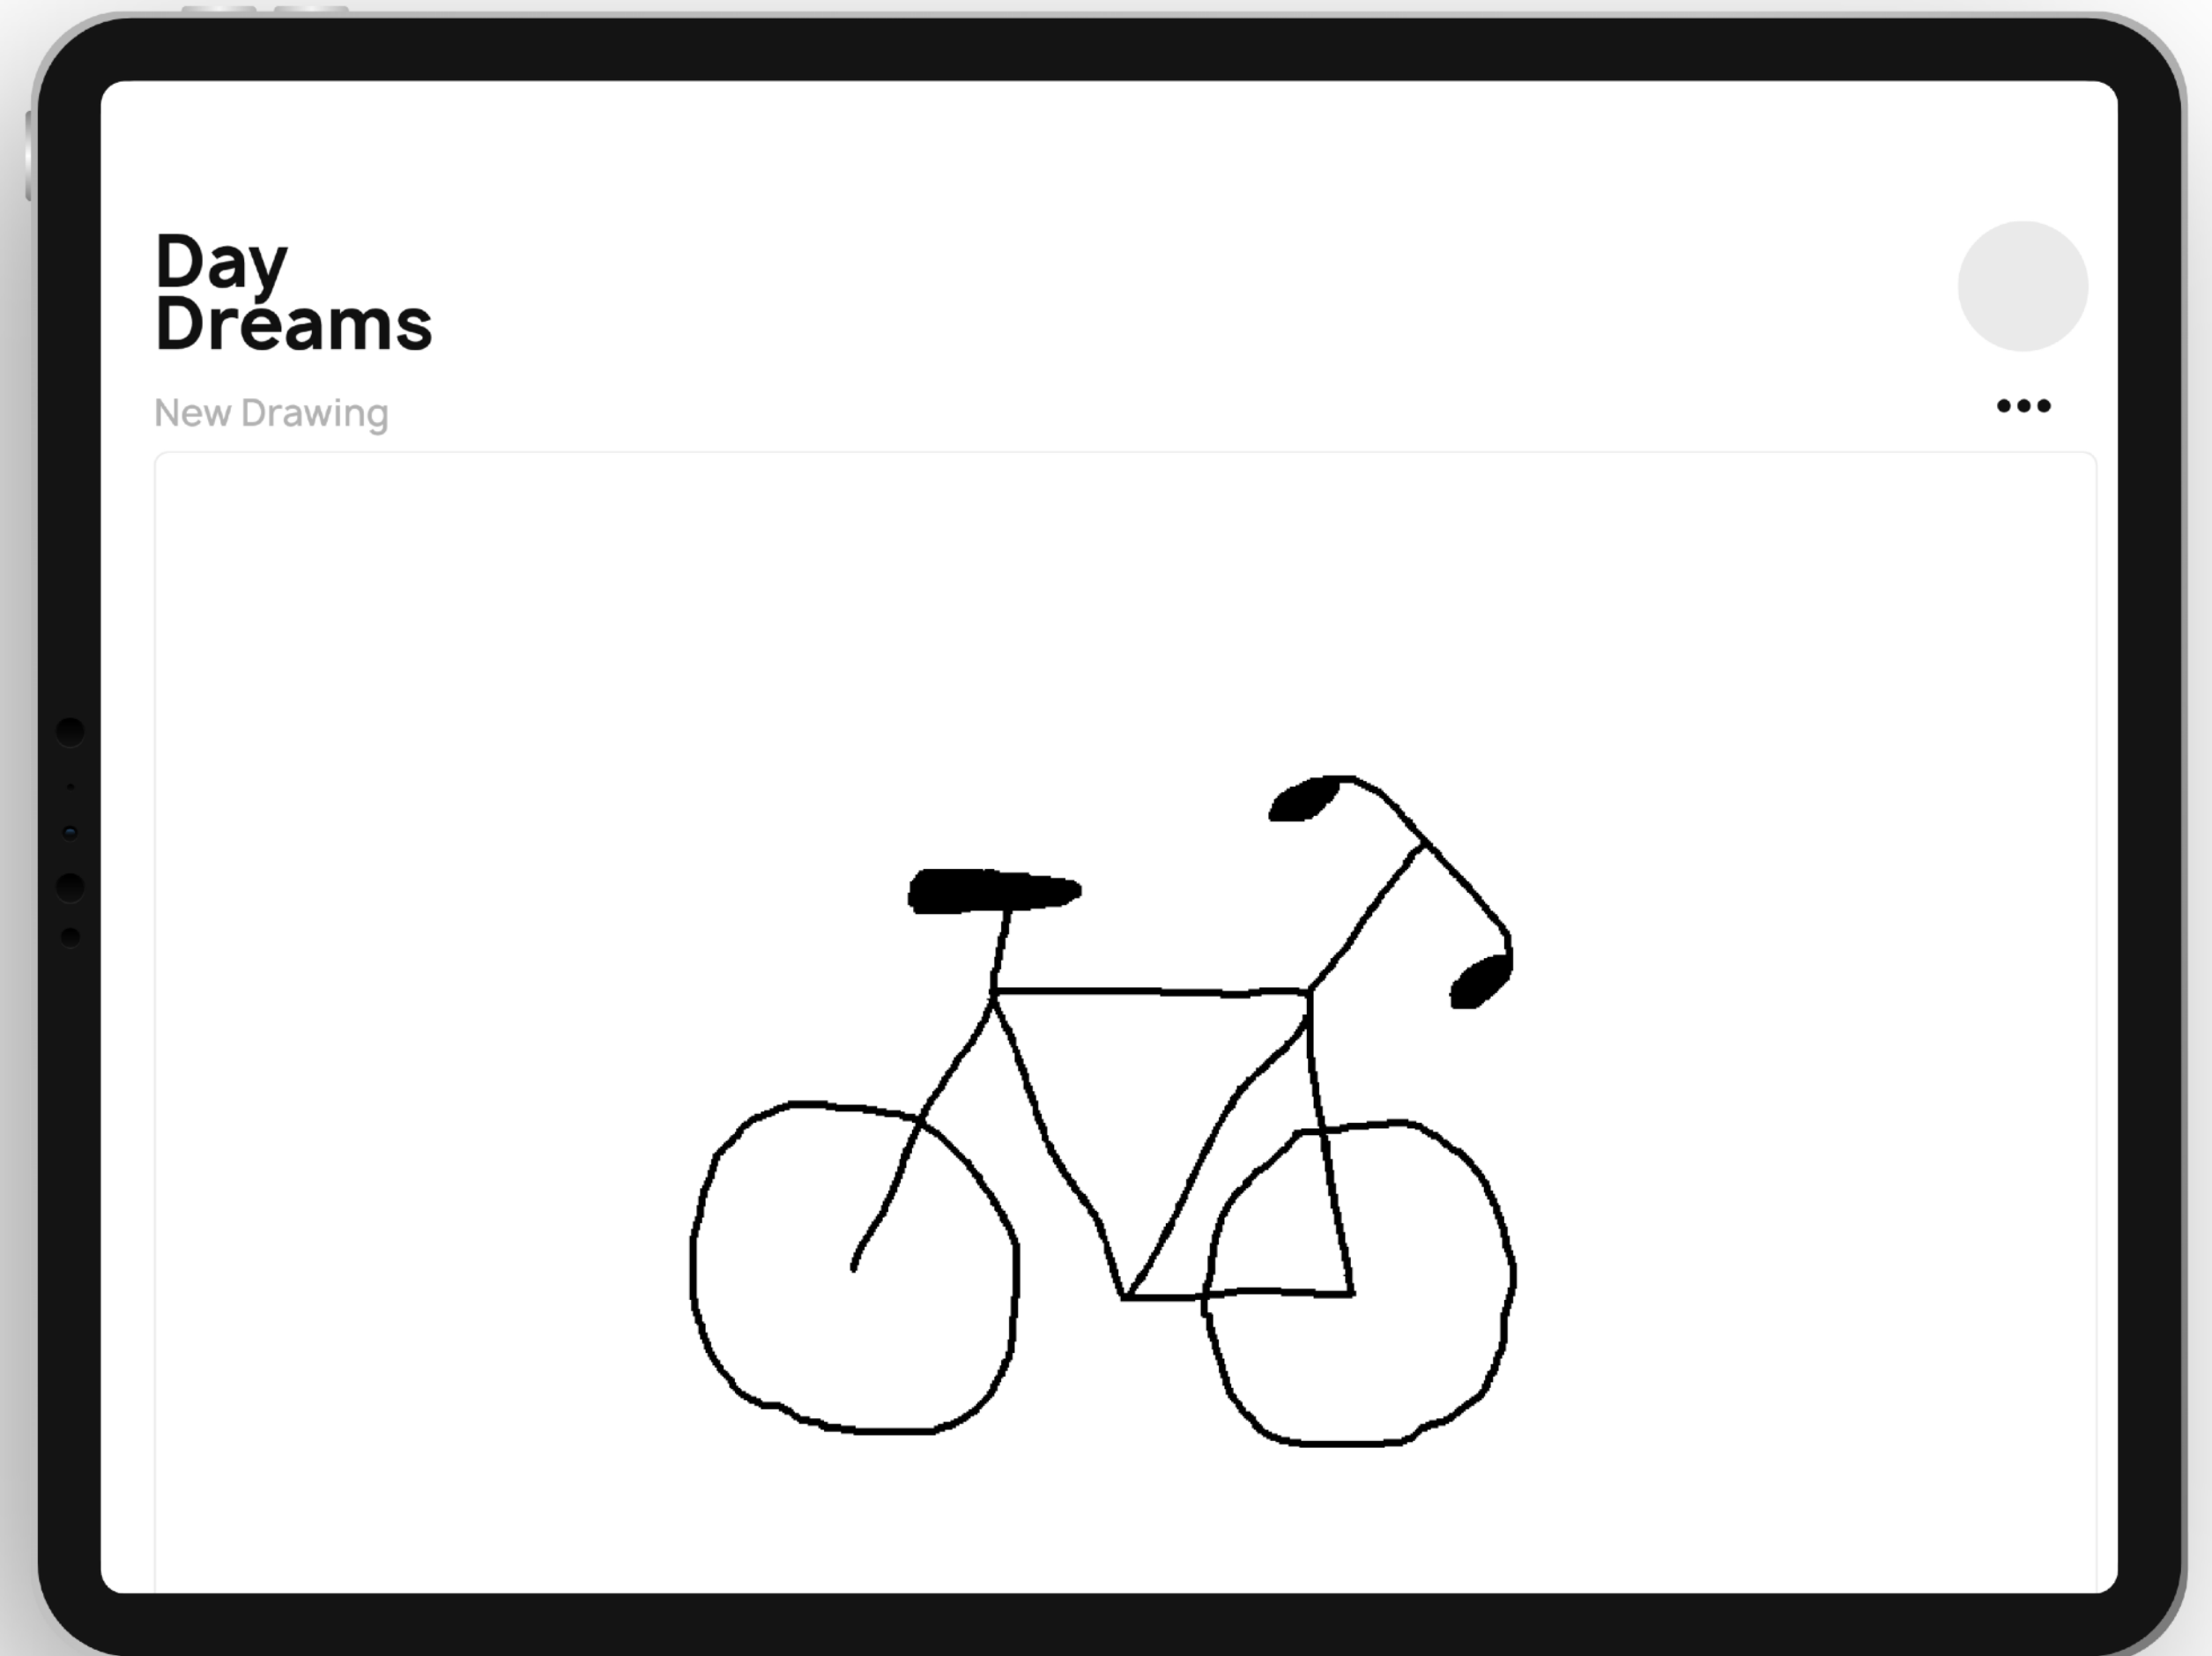

DayDreams

Literally,  
**their own story world.**  
to learn.

DayDreams

To promote  
**Creativity,**  
We have a  
**Drawing Pad.**

DayDreams

But

**Do they learn?**

DayDreams

We Hope So.

**Visuals + Creativity + Environment**

We try to give it all.

DayDreams

So that they can  
**Dream.**
